

STATE OF TEXAS
OFFICE OF THE GOVERNOR

MESSAGE

I signed House Concurrent Resolution 58, which urges the Congress to enact federal legislation to create a Medicaid block grant.

The Congressional resolution would provide states with more flexibility to tailor each state's Medicaid program to the needs of its recipients by block granting funds. While I strongly believe that increased administrative flexibility in Medicaid would benefit Texas, I would like to caution against setting the state maintenance of effort requirements and any other block grant requirements at levels that are difficult for states to maintain over a period of years, particularly if Medicaid caseloads decline.

I look forward to working with the Texas congressional delegation on this legislation during the 108th Congress.

IN TESTIMONY WHEREOF, I have signed my name officially and caused the Seal of the State to be affixed hereto at Austin, this 20th day of June, 2003.
